

TECHNICAL DATA SHEET

MANGUSTA

FOAMING "NO TOUCH" PRE WASH

APPLICATION FIELD

MANGUSTA represents the highest expression of MA-FRA research and development applied to detergency: in fact, its new formula guarantees a powerful detergent and polishing effect, to clean any type of vehicle. Highly foaming and scented, MANGUSTA is safe on rubber parts and effortlessly melts any type of dirt (grease, oil, smog, midges, and gasoline), ensuring a shiny effect on all the plastic parts. Effective with hard and averagely hard waters and suitable for all temperatures, MANGUSTA dries slowly under sunlight and is easy and quick to rinse. MANGUSTA contains easily biodegradable surfactants, compatible with any water purification or recycling method.

WARNING: do not use MANGUSTA on motorcycles.

CHARACTERISTICS

Physical properties:	Fluid red
pH value at 20 °C:	>12
Density at 20°C:	1,11 g/cm ³
Solubility in water:	fully miscible

INSTRUCTIONS FOR USE AND DILUTION

With a foam sprayer, dilute 1:20-1:50 in water, depending on the intensity of the dirt to be removed. With a foam gun, use in pure concentration or a 1:5 ratio in water, based on the dirt layer to be eliminated. Once you've diluted the product, nebulize it on the surface to be treated, starting from the bottom and moving upward, thus making its distribution more uniform. In the case of dark-colored, old, and tarnished paint coatings, it is advisable to cool down the surface with a water spray before applying the product.

PROFESSIONAL USE.

CONTENT

EDTA and salts thereof ≥5 - <15% non-ionic surfactants, phosphonates, anionic surfactants, perfumes <5%

BIODEGRADABILITY

The surfactants of this formula are in conformity with the biodegradability standards of the EC Regulation n°648/2004 about detergents.

AVAILABLE SIZES

25 Kg jerry cans
